School Board Meetings.

The Board of Education holds its regular meeting on the second Monday evening in each month at the Superintendent's office in the court house. These are public sessions and anyone who desires may attend.

See the mystifying box trick and other new illusions at the Grand to-morrow night.

Accepts Position.

Mr. Hugh Brent has accepted a position as traveling salesman with the Paris Milling Company with headquarters at Pineville and Middleboro. Mr. Brent will visit Eastern Kentucky, Virginia and part of Tennessee, and will leave Sunday for his new post of duty.

Receives Flattering Offer.

Mr. S. L. Allen, Manager of the Paris Electric Light Company, has received a flattering offer from Danville to take charge of the plant in that city. Mr. Allen, who so successfully brought the Paris plant to a high state of efficiency, has the matter under consideration.

Watch for the Devil Monday—he will be in Paris.

Increase in Trade.

Merchants of Paris report an increased volume of trade in all lines of the retail trade last Saturday, and since being almost double that of the three previous weeks. Indications now point to a large trade for Thanksgiving and the Christmas holidays with the result that the various retail stores will show an unusual stock of goods both in variety and quality.

Folding Beds.

I am overstocked on folding beds and will give you some bargains for cash. These prices last until stock is diminished. J. T. HINTON.

Odd Fellows Will Join in Thanksgiving Services.

The Rev. Litsinger, a member of Bourbon Lodge No. 23, I. O. O. F., having been selected to conduct the Union Thanksgiving services at the First Presbyterian church in this city on Thursday, Nov. 28th, 1907, all Odd Fellows are hereby requested to meet at Odd Fellows Hall at 10:30 a. m. and attend said services in a body. P. J. McCORD, Noble Grand.

Who's Responsible.

To deprive school children of the opportunity and means for play and enjoyment and is seen daily on the beautiful concrete pavement around the court house when scores of boys and girls on roller skates are making merry in the invigorating air of the autumn weather, would indeed be cruel, but their pleasure and pastime is becoming an intolerable nuisance.

We do not know whose duty it is to protect the surroundings of our beautiful temple of justice, but the matter, for the sake of the preservation of the concrete walk that encircles the lawn, should be brought to a speedy halt.

Held to Grand Jury.

Otis Evans, arrested at Midway Sunday, and brought to Paris Monday by Officer Ben Bishop, was arraigned before Judge E. T. Hinton in Police Court at 10 o'clock Tuesday morning, and held to await the action of the grand jury, which convenes in this city Monday. His bond was placed at \$500 in default of which he was sent to jail. Evans is charged with having robbed the residence of Roy F. Clendenin in this city on the night of November 5.

Rockers.

I am undoubtedly showing the swiftest line of rockers and chairs ever brought to Paris. Come in and see them. J. T. HINTON.

Fine Flow of Water.

At the prospective plant of the Paris Creamery Company in the Massie Addition near the Paris Ice Manufacturing Company, water was struck yesterday at a depth of seventy-five feet. The flow is from a five and one half inch bore, is as clear as a crystal, free from any taint of sulphur, and seems to be inexhaustible. Mr. Kite, of Toledo, O., is here ready to start the construction of the building and placing of the machinery in position.

The company will be managed by local business men and is capitalized at \$7,000. The contract with the promoters calls for March 1, 1908, as the date when the plant will be ready for occupancy. A board of directors will shortly be selected by the stock holders. A President, Vice-President, Secretary and Treasurer, and a manager will be selected. The establishment of this much needed industry will be of immense importance to the farmers and dairymen of the county who can always dispose of milk in any quantity besides encouraging the development of dairy farms which in every community that has a creamery has proven very profitable, as well as furnishing residents of cities near by with an ample supply of milk and butter of the highest and purest quality.

Defense Seores Point.

In the Caleb Power trial at Georgetown, which is moving very slowly, the defense scored a decided point Wednesday when presiding Judge Morris set aside the last venire of 100 men summoned from Harrison county.

Judge Morris gave as the reason for his action that the political complexion of the precincts from which the men were summoned, were so overwhelmingly Democratic as to prejudice the chances of the defendant and ordered a special venire of 150 men summoned for to-day from Grant county, and another of the same number for Monday next from the same county.

The defense asked that a Republican deputy sheriff be appointed to accompany the sheriff but this motion was overruled. Sheriff Warring then suggested to the court that he had no objections to any Republican that the defense might select to accompany him on his mission to which Judge Morris readily consented after it met the approval of attorneys for the defense.

This action of Judge Morris marks an epoch in the history of Kentucky jurisprudence and gives emphatic denial to the all too common belief abroad that one charged with a political crime can not obtain a fair trial in Kentucky.

Sheriff William Warring with Deputy T. K. Schuff left yesterday morning for Grant county, to summon 150 veniremen from that county, to appear in court tomorrow morning.

They were accompanied by men selected by Mr. Powers to represent him. They are Mr. H. W. Green, of London, Ky., and Mr. Ira Shy, of Cynthiana. Both, of course, are Republicans. Mr. Green is brother-in-law of Caleb Powers and Mr. Shy is in the Government revenue service.

Judge Morris issued an order to bring James Howard, who is serving a life sentence in the penitentiary for complicity in the assassination of Governor Goebel, to testify in behalf of Powers.
